Instructions for the interactive map and the UKK Navi web app

Find the building in the area from home

Plan from home

uk-koeln.de/lageplan

How it works:

› Find the destination in the convenience of your home by using the site plan uk-koeln.de/lageplan and searching based on name or building number.

› Zooming in reveals entrances and pathways
› Additional options in the category selection

Find your way on-site in the area using your smartphone

Find destination via smartphone

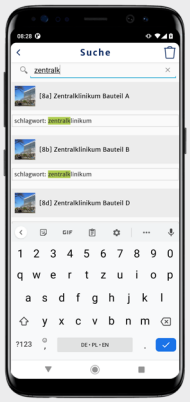

navi.uk-koeln.de

How it works:

› Enter navi.uk-koeln.de in the internet browser on your smartphone or
› Scan the QR code and accept display-related requests
› Access the destination through the search (using building number or keyword)
› View information/start navigation

› Gain overview

› Enter destination

› Check information
› Start navigation

› Let‘s go!

uk-koeln.de/lageplan und navi.uk-koeln.de
This is how we optimize the UKK Navi app together:
Provide feedback directly through the app or at presse@uk-koeln.de.
